

We Remember Our Heroes ~ America's 9/11 Ride

On Friday, August 20, 2010 over eight hundred fifty motorcycles traveled the Dulles Greenway in remembrance of those who lost lives, served, protected, and volunteered on September 11, 2001. The 10th Annual Commemorative Motorcycle Ride featured riders from across the United States as they visited each of the 9/11 crash sites during their two day journey.

Dulles Greenway CEO Tom Sines and his wife Connie were among the riders who started in Shanksville, PA traveling through Leesburg on the Greenway on their way to the Pentagon in Arlington, VA. On Aug. 21, the riders made their way to Ground Zero in New York, NY.

The Dulles Greenway is proud a sponsor of the America's 9/11 Ride and we support those who answer the 911 calls every day!
