

Dulles Greenway Honor Virginia State Police

The men and women of this statewide agency strive to fulfill our public safety mission while improving the quality of life for those living, working and traveling in Virginia. Currently there are seven troopers and one sergeant that patrol our 14 mile highway. They also provide roadside assistance for our motorists.

On June 7, 2010 we hosted our 10th Annual Dulles Greenway Virginia State Police Luncheon at Tuscarora Mill in Leesburg. This is our way of saying "Thank You!" for their dedication and commit to making the Dulles Greenway one of the safest highways in Virginia. We honor them for their courageous, often lifesaving actions in the line of duty.
