Dear Friends,

On behalf of the many families LAWs will serve this year, thank for your extremely generous donation of \$42,015.54, through the 2009 Drive for Charity Event. We are honored to be a beneficiary of your giving and truly appreciate the support. We pledge to you that this donation will be used entirely to provide direct services, including free legal representation, to adults and children in Loudoun County who are victims of domestic violence, sexual assault and child abuse.

This year we celebrate LAWs' 25th anniversary. Looking back over this span of time, it is encouraging to realize that issues of domestic violence and sexual assault are no longer dismissed by our society as matters not to be discussed or addressed. There is a greater awareness of the significantly negative impact that living in violent homes has on children and the dangers that domestic violence poses for the entire community. Rape and sexual assault are tragedies that cannot be minimized and we are pleased that LAWs became a dual program in 1996 so that comprehensive services are available to adults and children who are survivors of these traumas.

Loudoun Citizens for Social Justice/LAWs is a private, non-profit corporation. Our Federal Identification Number is 54-1282756. Loudoun Citizens for Social Justice did not provide any goods or services in return for this contribution.

Again, we thank you for your support and send our best wishes for a safe and happy summer.

Sincerely,

*Susan M. Curtis
Executive Director*
