*Tom,
We really appreciate your
support and the ability
to regularly visit the
DGMF.
Joe*

Dear Mr. Sines:

The Loudoun Wildlife Conservancy would like to thank you for again choosing us as one of the Drive for Charity recipients. Your donations to our organization have made an enormous difference by allowing us to expand our efforts to preserve wildlife habitat throughout Loudoun County and to educate the public on the importance of doing so. We firmly believe that people will not protect what they do not cherish and that they will not cherish something they are unaware of.

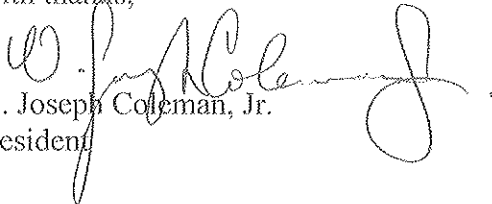

We have used your donations to expand our operations in a number of areas and introduce people to the many beautiful natural areas that are scattered throughout Loudoun County. One of the most valuable for us is the Dulles Greenway Wetlands Mitigation Project which, because of your excellent stewardship, has become a wonderful place to for introducing people to nature.

Your donations to the Loudoun Wildlife Conservancy have been had an impact throughout our all-volunteer organization and enabled us to reach many more people and make a much greater difference in our ability to preserve wildlife.

We greatly appreciate TRIP II's support of the Loudoun Wildlife Conservancy. The tremendous success and growth we have experienced in the past few years would not have occurred without your donations.

We look forward to working with you in the future and appreciate your support.

With thanks,

W. Joseph Coleman, Jr.
President
